Dear friends,

The National coordination of shopstewards Fiom-Cgil in FIAT group, wants to express its congratulations for the important agreement you reached with the management of the company.

Thanks to your hard struggle you were able to defend the future of the plant and the jobs.

Your dispute has been felt as an important issue by all our members and workers in FIAT and as a tool for building active solidarity, and it had its highest visibility in our strike with your participation in the demonstration in Corbetta.

We think this joint struggle as an example on how to build a union solidarity in transnational relationship among workers.

According to us, we will need again this transnational solidarity and mobilization to oppose FIAT's strategies, as well as other big Multinational companies, of restructuring companies reducing jobs and labour rights.

In solidarity.
