

Dear Colleagues

The hard suffering Greek workers, continue our struggles with a general strike on 23/2/2011.

We strike and resist.

We say NO to the abolishment of our labor and social rights by the Government.

We say NO to the demands of our lenders to abolish the Collective Labor Agreements of Greek workers.

Dear Colleagues

The Greeks Metalworkers welcome your own struggle. We send you a message of Unity and Solidarity.

We wish you wins and success in your strike.

With Struggle and Unity we will win!
