Re: **OS KOVO Solidarity with Italian Metalworkers at Electrolux**

Dear Colleagues,

On behalf of OS KOVO I would like to express our solidarity and full support for the Electrolux workers in Italy, linked with the general strike of the Electrolux group employees and with the national demonstration which will be held on April 4, 2008 in Florence.

OS KOVO also fully supports the demands of Italian Trade Unions:

- not to close the plant in Florence or any other in Italy
- to change the plans linked with the reorganization of cold production in Italy in a way to prevent massive reduction of workforce of Susegana
- to discuss industrial strategy of Electrolux group in Italy and Europe
- to reach an agreement aimed to strengthen the presence of multinational companies in Italy

We hope that you will be successful in your activities.

In solidarity

Josef Středula
OS KOVO President
