IMF in Solidarity with FIAT Workers at Termini Imerese and Irisbus

Dear Colleagues,

I write to you on behalf of the International Metalworkers' Federation (IMF), which represents the collective interests of 25 million metalworkers from more than 200 unions in 100 countries, to express our solidarity with your struggle to guarantee the jobs of more than 3,000 workers at the FIAT plants in Termini Imerese and Irisbus in Avellino and put into place an industrial development plan that keeps both plants in operation.

The International Metalworkers' Federation supports your demand to FIAT to revert its decision to close both plants and for the company's management to engage in proper negotiations with the trade unions to find a solution that takes full account of industrial development in these two regions and secures the jobs of all workers at the FIAT plants in Termini Imerese and Irisbus in Avellino.

The IMF stands firm behind you on your fight to protect the rights of our brothers and sisters at FIAT.

In solidarity,

Jyrki Raina;
General Secretary IMF
